Ball Valve - Technical Specification

Size Range	15 NB through 300 NB
Pressure Rating	ANSI/BS 150#, 300#, 600#
Type	3 piece/2 Piece/ 1Piece/ Fire Safe/ Non Fire Safe
End Connection	Flanged/ Screwed/ Socket Weld
Operation	Wrench/ Manual/ Gear/ Pneumatic
Port Opening	Full/ Regular
Seat	PTFE/ Carbon or Glass Filled Teflon/ Graphite
Wedge/Disc/Ball	Floating/ Trunnion mounted
Gasket & Packing	PTFE/ Glass Filled Teflon/ Graphite
MOC	Refer Material Chart
Design Code	BS - 5351
Testing	API 598
Inspection	3rd Party/ Client/ Manufacturer

EARTH TECH

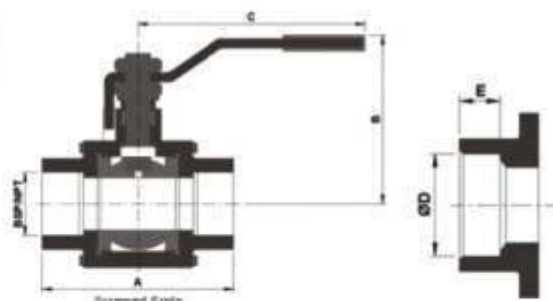

Ball Valve

2-way on off 3, 4 or 5 way Switching Models. Heavy directional black fenolic handle or lever handle. Blow-out proof bottom loaded stem. Low operating torque and with panel mounting facilities. Series of end connections 1/4" to 1" NPT and BSP. Male or female threaded ends EARTH TECH single or twin ferrule tube fitting ends. Floating Ball design for positive sealing. Maximum working pressure upto 10000 PSI.

Dimension in mm

Size	A	B	C	D	E
8	67	45	120	14.61	10
10	67	45	120	18.03	10

20	73	50	120	27.56	13
25	95	60	150	34.29	13
32	116	76	180	43.10	13
40	116	76	180	49.15	13
50	127	85	180	61.62	16

Material of Construction

Name of Parts	Carbon Steel	Stainless Steel
Body & Connectors	A-105 or A216 Gr. WCB	A351 Gr. CF8 or CF8M
Ball	ASTMA-351 Gr. CB	A351 Gr. CF8 or CF8M
Stem	AISI-304	AISI-304 or AISI-316
Seats	Virgin/Glass Filled Carbon Filled PTFE	Virgin/Glass Filled Carbon Filled PTFE
Seals	Glass Filled PTFE	Glass Filled PTFE

EARTH TECH provides high quality SS Investment Casting Fittings in the material like SS 304, SS 316 and MS Forged Steel. These are available as Screwed Ends and Socket Weld Fittings which includes Elbow, Tee, Socket, Reducer, Reducing Bushing, Hose Collar, Hex Nipple, Barrel Nipple, End Cap, Plug Union etc.

SPECIFICATION :

ITEMS : UNION, ELBOW, TEE, SOCKET, REDUCER, BUSHING, HOSE COLLAR

MOC : SS 304 (CF8) / SS 316 (CF8M) / MS FORGED Steel

ENDS : SCREWED

SIZE AVAILABLE : 1/4" (8 mm) to 4" (100 mm)

Pipe Fittings

EARTH TECH

COMPANY PROFILE :

We are Manufacturers of EARTH TECH brand valves in the small sector. We Manufacture Quality Valves of almost all types for a wide spectrum of users in the Process & Chemical, Refineries & Petrochemicals, Fertilizers, Drugs & Pharmaceuticals, Thermal Power Stations, Nuclear & Atomic Power Stations, Textiles, Dyes & Intermediates, Paints & Varnishes, Sugar, Breweries & Distilleries, Soaps & Detergents, Steel Plants, Food & Oil Industry, Solvent Extraction Plants, Sewage, Effluent & Water Treatment, Cooling Water, Ship Yards and Marine Management, Water Works, Pulp & Paper, LPG Bottling Plants, Onshore & Offshore platforms, Slurry & Ash handling.

Our Unit is managed by a team of qualified personnel with extensive experience in the field. From a modest beginning in 1986, we have since made rapid strides in technology and statute and are today recognized by our esteemed customers as the most reliable single point source for their versatile requirement of Valves. Their sustained support bears ample testimony for the confidence reposed in us.

Whether it be a well planned project installation or contingent maintenance replacement, we at EARTH TECH gear ourselves up to our customers exacting requirements and supply well within time as Marginal stocks of standard sizes and ranges of valves are available with us.

We use Quality Raw Materials (Castings & Forgings) from reputed foundries/forging shops and we have Statistical Quality Assurance system with inspection at every stage of Manufacture to ensure sustained quality in our supplies. We have adequate capacity in terms of expertise and finance are in a position to undertake large volume of orders with committed deliveries.

At EARTH TECH, you do not have to pay a premium for Quality.

When Customer demanded his own designed Material, Drawing or Sample required and its design development charge will be extra.

Sample development period 15 days production will be started after approval of sample.
